52055.740. (a) For Commencing with the 2012-13 fiscal year and each fiscal year thereafter, for each funded school, the county superintendent of schools for the county in which the school is located shall annually review the school and its data to determine if the school has met all of the following program requirements by the school by the end of the third full year of funding:

(1) Meet all of the following class size requirements:

(A) For kindergarten and grades 1 to 3, inclusive, no more than an average of 20 pupils per class in each grade level at each schoolsite, as set forth in the Class Size Reduction Program (Chapter 6.10 (commencing with Section 52120)) provided that any grade 1 to 3 classroom at that schoolsite has no more than 22 pupils.

(B) (i) For self-contained classrooms in grades 4 to 8, inclusive, an average classroom size that is the lesser of clause (i) or (ii), as follows: of 25 pupils per classroom.

(i) At least five pupils fewer per classroom than was the average in 2006–07.

(ii) An average of 25 pupils per classroom.

~~(iii)~~

(ii) For purposes of this subparagraph, average classroom size shall be calculated at the grade level based on the number of self-contained classrooms in that grade at the schoolsite. If the self-contained classrooms at the school averaged fewer than 25 pupils per classroom during the 2005–06 school year, that lower average shall be used as the “average in 2006–07” for purposes of this subparagraph for all funded schools in the school district. A school that receives funding under this article shall not have a self-contained classroom in grades 4 to 8, inclusive, with more than 27 pupils regardless of its average classroom size.

(C) (i) For classes in English language arts, reading, mathematics, science, or history and social science courses in grades 4 to 12, inclusive, an average classroom size that is the lesser of clause (i) or (ii), as follows: of 25 pupils per classroom.

(i) At least five pupils fewer per classroom than was the average in 2006–07.

(ii) An average of 25 pupils per classroom.

~~(iii)~~

(ii) For purposes of this subparagraph, average classroom size shall be calculated at the grade level based on the number of subject-specific classrooms in that grade at the schoolsite. If the subject-specific classrooms at the school averaged fewer than 25 pupils per classroom during the 2005–06 school year, that lower average shall be used as the “average in 2006–07” for purposes of this subparagraph for all funded schools in the school district. A school that receives funding under this article shall not have a class in English language arts, reading, mathematics, science, or history and social science in grades 4 to 12, inclusive, with more than 27 pupils regardless of its average classroom size.

(D) Not increase any other class sizes in the school above the size used during the ~~2005–06~~ 2012–13 school year. If a funded school has a low-enrollment innovative class, it may increase the number of pupils in that class to a number that does not exceed the schoolwide average as of the 2012–13 school year.

(2) In high schools, have a pupil-to-counselor ratio of no more than 300 to 1. Each counselor shall hold a services credential with a specialization in pupil personnel services issued by the Commission on Teacher Credentialing.

(3) Ensure that each teacher in the school, including intern teachers, shall be highly qualified in accordance with the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.).

(4) Using the index established under Section 52055.730, have an average experience of classroom teachers in the school equal to or exceeding the average for the school district for this type of school.

(5) Exceed the API growth target for the school averaged over the first three full years of funding. Beginning in the fifth year of participation, funded schools shall meet their annual API growth targets. If the school fails to meet its annual growth target, the school shall continue to receive funding pursuant to this article, but shall be subject to state review, assistance, and timeline requirements pursuant to the HPSGP High Priority Schools Grant Program under Section 52055.650. The schoolsite administrator shall not automatically be reassigned based solely on that failure.

(b) For each funded school, the county superintendent of schools for the county in which the school is located shall annually review the school and its data to determine if the school has met all of the following interim requirements:

(1) Be at least one-third of the way toward meeting each of the program requirements specified in paragraphs (1) to (5), inclusive, of subdivision (a) by the end of the first full year of funding.

(2) Be at least two-thirds of the way toward meeting each of the program requirements specified in paragraphs (1) to (5), inclusive, of subdivision (a) by the end of the second full year of funding, and achieve full implementation by the end of the third full year and for each year thereafter.

(3) Have provided professional development to at least one-third of teachers and instructional paraprofessionals in the school annually.

(4) Meet all of the requirements of the settlement agreement in *Williams v. State of California* (Case Number CGC-00-312236 of the Superior Court for the County of San Francisco), including, among other things, the requirements regarding teachers, instructional materials, and school facilities, by the end of the first full year of funding, and in each year of funding thereafter.

(c) (1) If a county superintendent of schools determines that a funded school has not substantially met the requirements of subdivision (b) after the first or second full year of funding, or any alternative program requirements approved under Section 52055.760, he or she shall notify the Superintendent. If all of the interim and final requirements are not met by the end of any subsequent school year, the Superintendent shall terminate funding for that school.

(2) If the Superintendent terminates funding under this subdivision, the Superintendent shall provide advance notice to the school district that is sufficient to allow the school district a reasonable amount of time to make staff and other cost adjustments necessitated by the termination. The Superintendent shall provide the school district with funds sufficient to cover the staff and other cost adjustments.

(d) A school district or chartering authority that includes a participating school or schools for which funding is terminated pursuant to subdivision (c) may appeal that action to the state board. The state board shall order the reinstatement of funding if, on appeal, the school district or chartering authority demonstrates that the data upon which the county superintendent of schools relied is in error and that the school in question can fully demonstrate its compliance with the applicable requirements.

SEC. 15. Section 52055.770 of the Education Code is amended to read:

52055.770. (a) School districts and chartering authorities shall receive funding at the following rate, on behalf of funded schools:
