7.0 Superintendent		
7.1	<p>Superintendent's Report</p> <p>Superintendent Toliver discussed the difficulty the district faced this year in laying off employees. Staff assured employees that in all probability many would be called back and most of those positions have been restored. Staff has worked hard to continue to provide quality services to our students during this difficult period and the biggest concern was over Kindergarten and elementary class size. Our teachers deserve to have a 20:1 student ratio in their classroom and the Superintendent pleaded with the board to pass the CORE Services program in order to do this.</p>
